TENTH ANNUAL READERS' POLL

Picking The Best

Welcome to the results of our tenth annual Connecticut Law Tribune readers' poll, in which our readers have cast their votes for the best providers of services and goods to the legal profession.

This is a subjective, not objective poll. It does not measure who writes the most business, who has the most revenue or the most customers. It does measure the loyalty and satisfaction readers have with vendors. It is an opportunity for readers to speak up for those providers they believe are the best.

Since early August, the Connecticut Law Tribune conducted an online survey of readers. We promoted this project via house ads in the newspaper, emails to Connecticut attorneys, and through our website CTLawTribune.com.

Readers responded vigorously to the opportunity to voice their choice. Here, then are their choices for The Best – the companies that won the loyalty and support of Connecticut's legal community.

Practice law *not finance.*

Practicing law while managing your business finances is not an easy balance. That's why have a team of business bankers just for law firms. They can help you bank, borrow and improve cash flow quickly and efficiently. So you can spend more time practicing law instead of finance.

See what it's like when a bank lives up to your business needs.
